2017 ENERGY STAR® Products Rebate Application

TERMS AND CONDITIONS

Only products delivering the highest level of energy efficiency are awarded the ENERGY STAR from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

**Most Efficient
2017**

www.energystar.gov

The 2017 ENERGY STAR Most Efficient designation recognizes the most efficient products among those that are currently certified by ENERGY STAR. Rebate requests for 2017 ENERGY STAR Most Efficient Ceiling Fans with Lighting, Dishwashers, or Clothes Washers must be listed on ENERGY STAR's Most Efficient 2017 qualifying product lists. Visit www.EnergyStar.gov or www.SaveEnergyInSaintPeter.com/EnergyStar for more information.

PARTNER OF THE YEAR

SMMPA and its 18 Member Municipal Utilities are proud to be recognized as an ENERGY STAR Partner of the Year in 2003, 2004, 2010 and 2016 for leadership in energy efficiency.

All information for the requested rebate as well as signatures from customer and retailer/recycler (if requesting recycling rebate) must be completed. Only complete applications will be processed. Customers must apply for rebates within three months of the purchase date shown on the receipt/invoice. The rebated equipment must be new (used/refurbished equipment does not qualify) and installed where electric service is provided by the Utility on a retail basis. Rebate amount cannot exceed the price paid for the product. The Utility reserves the right to conduct random inspections to verify installation of the rebated equipment at the installation address indicated on the first page of this form. Recycled equipment must be **in working condition and properly recycled** to be eligible for the recycling rebate. Due to limited funding, this rebate offer can be withdrawn at anytime without notice, and is available on a first-come, first-served basis. After satisfactory review of the rebate form and other required documentation, a rebate check will be sent to the customer. Please allow 60 days from the receipt of this form for the delivery of the rebate. The Utility does not guarantee that the implementation of energy-efficiency measures or use of the equipment purchased and installed pursuant to this program will result in energy or cost savings. The Utility does not endorse any particular vendor, manufacturer, or product, and makes no warranties, expressed or implied, with respect to any equipment purchased or installed including, but not limited to, any warranty of merchantability or fitness for purpose. In no event shall the Utility be liable for any incidental or consequential damages.
