Memorandum

TO: Honorable Mayor Nowell
Members of the City Council

DATE: 6/16/22

FROM: Todd Prafke
City Administrator

RE: River's Edge Hospital Presentation – Tour

ACTION/RECOMMENDATION

None needed. For Council information and discussion only.

BACKGROUND

The workshop on Monday evening will feature a presentation on River's Edge Hospital from Hospital CEO Paula Meskan. She usually comes to visit at your Goal Session and provides a few updates and opportunity for some dialogue with Members.

Since there was a change in your Goal Session schedule, I asked her to come to your workshop and she suggested incorporating a tour of the Hospital with this meeting. Her presentation will focus on the recently received audit and then CEO Meskan will lead a tour of the Hospital to end the workshop session.

Please note that everyone must be fully masked at the Hospital in high quality masks (not cloth). If you don't have a mask, or forget to bring it with you, one will be provided for you at the Hospital entrance. Please enter through the "Emergency Entrance".

Please feel free to contact me if you have any questions or concerns on this agenda item.

RE: Fire Station Project Ground Breaking

ACTION/RECOMMENDATION

None needed. For Council information and discussion only.

BACKGROUND

Prior to start of construction for the Fire Station project, it is my hope to have a formal groundbreaking ceremony. As you know it is not often the City has the opportunity to construct a new public building and the groundbreaking ceremony is a time to recognize this project while including the individuals who were instrumental in getting the project shovel ready.

With construction slated to begin shortly (mid-late July), the proposed date for a groundbreaking ceremony is July 18th. Depending on the weather, the ceremony could be held at 4:00 p.m., prior to the regular Council workshop that evening.

Please feel free to contact me if you have any questions or concerns about this agenda item.
