MAKES ME WONDER (BY CITY ADMINISTRATOR TODD PRAFKE

- I have been on a *Hot Sheet* hiatus for a few weeks now. Maybe a bit more than a month. There have been so many things going on that it's

not that I have not been wondering; it is really that I have not made time to get my wonderings down on paper (really not paper but on my computer).

I have only had one person (my across the street neighbor Mark) ask me, "Not wondering Todd?" He is the only one. Hmmmm? What does that say about the value of what I write about to you, the reader? What if anything does it say about the value of this publication? Maybe you have been wondering if I have been wondering, but you just haven't bumped into me to ask. MOSQUITO CONTROL: The City will soon be initiating two phases of the mosquito control program which has been used in the City since 2003. Pellets

of mosquito control materials will soon be placed in catch basins and the same is being done in the stormwater detention basins which are scattered throughout Saint Peter. This material is effective in preventing hatching of the mosquito larvae. Spraying may also be done in area parks prior to community events throughout the mosquito season if requested by the event organizers.

EAGLE SCOUT PROJECT – St. Peter Boy Scout Troop #58 member Jordan Kienholz has completed a project in upper McGill Park as part of his Eagle Scout badge. Working with fellow Scouts and adult volunteers, Jordan spent Memorial Day weekend building steps into the hillside in McGill Park to provide for easier access to the top of the

hill. The steps will also help children access the slide which has been in the park for years. On behalf of the City Council, thanks go out to Jordan for his work on this park improvement project.
